

THE CABIN

This one-of-a-kind container cabin was such an adventure to design! We learnt as we worked, and found creative ways to incorporate all the essential amenities required in a luxury cabin, with some fun, quirky features added.

We made use of various recycled building materials, from the actual shipping container (with its original floor planks!) to the cladding, ceiling materials, beadings and bricks, all the way through to the cooking-oil drums used to cast the concrete columns on which the frame rests! The result of this labour of love is a bespoke double-storey unit boasting views only surpassed once you discover the sunset views on the elevated chill net!

Features include: Elevated Chill Net | Private Patio | Scenic View with Large Pond

Queen-sized bed | 1 Bedroom | 1 Bathroom | Sleeps 2

Location: Within Cabinville, which is 200m from Rosemary Hill's main venues and coffee shop

AIRCONDITIONING

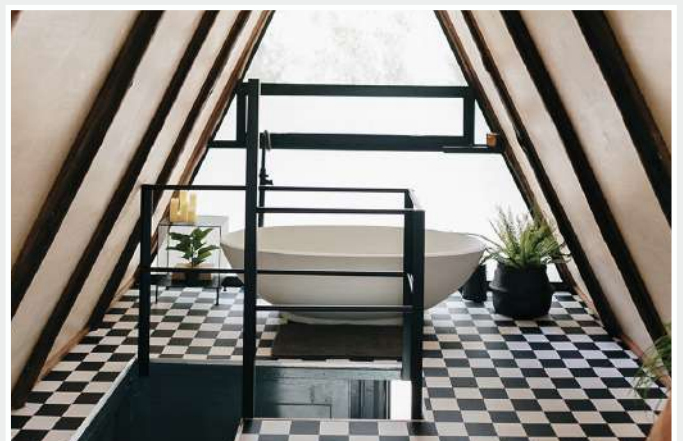

FREESTANDING BATH

WELL-EQUIPPED KITCHENETTE

LOUNGE AREA

Important notice: Due to space limitations and safety, this unit is not suitable for babies, toddlers or older guests.
